THAMARA GERIG

• JUNIOR FRONT - END DEVELOPER •

ABOUT ME

After studying two years of Fine Arts, one year abroad and living in three cities, I realized that building user-friendly and easy-to-use websites is my true passion.

Also, I seek to learn from new technologies and actively participate in the community. Always providing dynamism, perseverance and optimism!

EDUCATION

2019 • The World Wide Web Consortium (W3C)
